Breathe Earth Collective talk about their transdisciplinary practices and researches on the environment, climate, and air quality in cities and public spaces.

The 4th edition of New Generations Festival - ArchitectsVS Rest of the World - took place in Rome last September 24th / 26th, at Casa dell'Architettura - Acquario Romano. The event proposed an intense program of discussions, workshops and cultural activities, involving numerous international guests, gathered to reflect on the profession of the architect from multidisciplinary points of view.
