<https://urbannext.net/green-new-deal-landscapes-session-8/>

Green New Deal Landscapes is a series hosted by Jose Alfredo Ramírez and Clara Olóriz Sanjuán, both co-directors of AA Groundlab. Each session discusses the relationship between policy making and our environment and explores how we can tackle climate change through landscape design.

Alfredo is joined by Danika Cooper and Manuel Shvartzberg to talk about indigenous practices in landscape design and how they can be crucial in tackling not only the climate emergency but also social justice.
