Investment on Obsolete Industrial Infrastructure: Silicon Valley vs.

Silicon Alley

<https://urbannext.net/investment-on-industrial/>

Vicente Guallart talks about how the digital technologies disruption in cities has lead to an investment on obsolete industrial infrastructure and the difference between the Silicon Valley model and the Silicon Alley one.

Excerpt of an urbanNext think tank held at the Torre dell'Arsenale in Venice, as an event alongside the Venice Biennale of Architecture 2018, for the [Future Urban Legacy Lab \(FULL\)](#), a research centre of the Politecnico di Torino.
